³Course has prerequisite. See corresponding *Undergraduate Catalog*

ADDITIONAL ITEMS RELATED TO THE MAJOR

*Digital Graphic Fundamentals, Graphic Design I, and Graphic Design II are taught on a rotating schedule. They could be offered in the fall or spring of any given year depending on the rotation. A student beginning their first semester could take Digital Graphic Fundamentals if it is offered or may have to wait until the next fall if it is not offered at that time.

*This schedule is designed to assist those students who wish to double major in graphic design and any other major.

The following guidelines are important. Failure to follow these guidelines may delay graduation.

1. Plan schedules carefully. Plan to fulfill prerequisites for future courses.
2. Do not alter the sequence of courses without consulting with your academic adviser as not all classes are offered every semester.
3. Before the enrollment period, check to make sure holds will not prevent you from registering.
4. Register for classes early during the registration period to secure classes.

The Four-Year Degree Plan is a suggested plan of study. This plan does not replace the *Undergraduate Catalog*. The *Undergraduate Catalog* provides the official listing of program requirements.
