TWELFTH SESSION

1919-1920

INTRODUCTORY.

THE friends and patrons will welcome with delight the news of a greater institution, with enlarged facilities, to take the place of the National Teachers' Normal and Business College.

The success of the old has made possible the establishment of the new. We are glad to announce the ushering in of the Freed-Hardeman College, with enlarged accommodations, increased Faculty, and a standard curriculum.

Now, of all times, is the opportunity to go to college. The reconstruction period is calling earnestly for prepared boys and girls. Our country is demanding efficient service in all walks of life. We have never offered to the youth of our country better service than now—better accommodations, better Faculty, better courses of study—all at the minimum cost.

Help us place the school before the people by passing this Catalogue to some one interested, also by sending names of those who might be.

For Catalogue and particulars, write

FREED-HARDEMAN COLLEGE,
HENDERSON, TENNESSEE.

CALENDAR.

1919-1920.

THE SESSION IS DIVIDED INTO FOUR TERMS OF NINE WEEKS EACH.

First Term will open September 23, 1919.
First Term will close November 21, 1919.
Second Term will open November 25, 1919.
Second Term will close January 23, 1920.
Third Term will open January 27, 1920.
Third Term will close March 26, 1920.
Fourth Term will open March 30, 1920.
Fourth Term will close May 27, 1920.

The College Year consists of thirty-six weeks, five days each week. Monday afternoons are devoted to literary and debating societies.

Daily recitations are fifty minutes.

Monday and Tuesday, September 22, 23, will be spent by the Faculty in arranging tickets, programs, and books for the students, and locating them pleasantly in homes. Organization of classes, Wednesday morning, September 24, 1919.

Examinations.—Each term of nine weeks closes with examinations. College grade lists are given each student. They are sent to parents for inspection. Our grades mean something.

High-class Lectures and Entertainments will be given during the year in Chapel Hall.

The Annual Commencement will occur Wednesday and Thursday, May 26 and 27, 1920. These are happy days to all. Graduating orations are delivered, Diplomas are awarded, and Degrees conferred.

SESSION.

1920-1921.

FREED-HARDEMAN COLLEGE.

HISTORY.

In 1897 the West Tennessee Christian College was supplanted by the Georgie Robertson Christian College. In 1907 the National Teachers' Normal and Business College took the place of the old Georgie Robertson Christian College in larger accommodations and better equipment. Each one served its purpose, fulfilled its mission, and was a great success. New conditions made necessary the passing of the old, and upon the success of each a greater school has been established. This is especially true of the Freed-Hardeman College. The new school is now properly chartered under the laws of the State, and is authorized to confer degrees, grant diplomas, and issue certificates. The Freed-Hardeman College will enter upon its career, under auspicious surroundings and enlarged accommodations, Tuesday, September 23, 1919.

LOCATION.

Henderson,

The home of the Freed-Hardeman College and the capital of Chester County, is a beautiful town of more than two thousand inhabitants, on the rolling Highlands of West Tennessee. It is easy of access from all parts, being situated on the Mobile and Ohio Railroad. The principal lines of the continent, running east and west, intersect this road.

For more than fifty years Henderson has been known as a college town. Many thousand men and women have gone from Henderson colleges leaders in public and business life.

Environments.

But few college sites can justly claim the superior moral and spiritual atmosphere that surrounds the student here. There is none of the vice and demoralizing influences so common to cities. Cultured homes, churches, and schools make up the beautiful little town of Henderson. There is nothing to allure the student from the quiet pursuit of his studies.

Healthful.

The pure water, fresh air, and fine sanitary condition of our town—all make the health of our students and citizens without a parallel. Besides the country being elevated and rolling, the city owns and operates the finest systems of waterworks, sewerage, and light plant.

BUILDINGS.

Administration Building.

The new College Building is a beautiful brick structure of seven classrooms, besides a number of smaller rooms for

FREED-HARDEMAN COLLEGE.

music, laboratories, typewriting, and private instructions. The rooms are large, well lighted and ventilated. The heating is excellent, and the equipment is superior.

Ladies' Home.

Close to the Administration Building there is in construction now a Ladies' Home, a modern brick, to accommodate about one hundred girls. This home will have all the necessary conveniences—heated with steam, electric lights, baths, running water in each room, reception halls, sun parlors, large, well-lighted and ventilated rooms for two girls to each room, large dining hall, and all accessories.

This home will be under the direct care of the Faculty, kept by a Christian family. Besides, the ladies who are members of the Faculty will board with the girls and have direct oversight. It will be homelike in every way.

Boys' Home.

So soon as the Ladies' Home is ready, the "Home for Boys" will be rushed to completion. The boys will have the same kind of a home and accommodations as the girls. In the meantime we have the best Christian homes in Henderson to care for the boys. The private homes have been highly satisfactory to our students.

PURPOSE.

Great Aim.

The supreme motive of the originators of the Freed-Hardeman College is to establish a standard school where a complete education may be received. There is a great wave of infidelity, such as the world has never seen, sweeping over our fair land. The majority of the teachers in our State colleges and universities are skeptics and destructive higher critics. The situation is alarming to all who believe in the Bible. There is but one thing to do—build and maintain schools of our own whose teachers are Christians and wherein the Bible is taught daily.

Safeguarded.

Every possible precaution has been taken to safeguard the property that it may not be diverted from the original purpose.

OF SPECIAL INTEREST.

Parents or Guardians.

The hearty coöperation of parents and guardians with the College and its teachers is expected. Parents should urge their children to improve time, to go to the teachers with all troubles as they would to parents, to be loyal to their school.

FREED-HARDEMAN COLLEGE.

Accounts.

Students are not permitted to run accounts in the city. Merchants are requested not to open an account with any student except upon written request from parents or some member of the Faculty.

Spending Money.

After a student's board, tuition, clothing, and books have been furnished, he needs but little spending money. Economy should be practiced early in life. The more money a student spends, the less he learns. It takes time to spend money.

Well Paid.

The best gift a father can bestow upon his children is the gift of a good education. Money cannot buy an education, but the educated boy or girl can make money while being useful.

GENERAL INFORMATION.

Coeducation.

Both boys and girls are admitted with equal rights and privileges in every respect. It makes school government easy and pleasant. Young men become purer and manlier; young ladies, more confident, more self-reliant, and more appreciative of their true dignity and worth. There can be nothing more ennobling and refining than the association of ladies and gentlemen in the care of responsible instructors.

In the schoolroom our students are taught to be sociable, kind, gentle, and courteous to all.

Entertainments.

At proper intervals during the session the Faculty takes pleasure in arranging high-class entertainments for the students. Parents, citizens, and teachers attend these gatherings and participate in their joys. The object is to give the students an opportunity to cultivate mutual acquaintance and improve social usage and personal bearings.

The program of these social gatherings varies.

Literary Societies.

There are four permanent literary and debating societies—the Eupathian, the Philomathean, the Sigma Rho, and the Bible. Some of these have been chartered by the State of Tennessee. All have their rooms and regular times of meetings—each Monday afternoon. Every student is encouraged to become a member of some society. No school does better work in training its students to appear at ease before assemblies.

FREED-HARDEMAN COLLEGE.

This training places our students in the lead in public enterprises, makes them acquainted with parliamentary usage, and gives them power on the rostrum.

Choice of Studies.

Young people need and must have careful advice and direction with reference to the selection of studies. Each student is encouraged to select and push to completion some course of study. Four or five full studies, with one or two drills, make work enough for our best students.

Government.

Our students are from the best families. All are treated as ladies and gentlemen. They are taught to govern themselves and to do right because it is right. The kind, persuasive, yet firm and decisive discipline of the school seldom fails to win the most wayward.

Christian Influences.

All students are encouraged to attend Bible classes and worship every Sunday. Moral restraints are thrown around all; religious intolerance, around none. But few of our students ever have any inclination to stay away from the place of worship.

DISTINCTIVE FEATURES.

The school treats the school years not alone as a preparation for life, but real life—real living.

The school is an agency to bring about a threefold growth—mind, body, character.

The school looks on classes not as a means of filling a mental vacuum by the pump system, but as a means of training the mind *to think—to think rightly, to think quickly.*

The school treats its students as responsible individuals, and respects their abilities, their opinions, and their sense of honor.

The school depends for discipline upon the honor and coöperation of students rather than iron rules.

The school understands the girlish love of pretty things and boyish desire for good times, and seeks to direct these in the proper channel.

IMPORTANT.

Dress.

The College endeavors to avoid all extravagance or show in dress. It is the expressed will and wish of all in charge that both girls and boys observe simplicity, neatness, and modesty in apparel. Any deviation from these suggestions will not be tolerated by the school.

FREED-HARDEMAN COLLEGE.

Uniforms for Girls.

As a matter of economy and to prevent distinction, all boarding girls will be required to get uniforms and to wear them on public occasions and on the streets in the city.

Do not try to get the suit before coming, as only one color and style will be used. The uniform will consist of a tailor-made suit and cap. This will be selected and arrangements made soon after the College opens.

The price cannot be given at this time. This item is not one of expense, but of economy.

No uniform is required for daily wear.

Athletics.

The boys and girls are urged to take recreation in the open. Hence the College has arranged grounds for tennis, basket ball, and other mild exercise. Games for exercise and recreation, in which every student may take part, under proper supervision, are to be encouraged. No intercollegiate games are played. All ruffianism and rowdiness is discouraged.

Our College Rating.

No school of the land has a higher college rating. The grades and diplomas are honored in the various States without question. Our State Normals take our work hour for hour. One of the largest universities in the United States duplicates all grades from this school without further work.

Best of all, our students are in demand. The public has learned that the boys and girls from this College are a success. We cannot begin to supply the demand.

The following letter shows the high appreciation and recognition of the work and grades of Freed-Hardeman College:

"WEST TENNESSEE STATE NORMAL,
"MEMPHIS, TENN.

"I find no reason why we should not give credit for work done in your institution, hour for hour. If some of your courses are shorter than ours, or if some should be longer, the fair way would be to give credit for actual hours spent in recitation of the various subjects.

Yours truly,
"T. B. LOGGINS, Dean."

Building from the Base.

Freed-Hardeman College believes in building upon the right kind of a foundation. The essentials of an education are emphasized. Every lesson given can be used in practical duties. This accounts for the great success of our students in life's activities, as teachers, bookkeepers, stenographers, typewriters,

FREED-HARDEMAN COLLEGE.

lawyers, doctors, preachers, farmers. No school can rightly claim more for its students.

The school is highly accredited throughout the United States.

Planning Your Future.

Back of every achievement is a plan. The laborer, working at two dollars a day, and the manager, getting as much an hour, started at exactly the same place. The manager was born with no more knowledge than the laborer. The one planned while the other stood still.

The day you decide definitely to make something of yourself is the most important day of your life. *Let that day be to-day.* Then be true as steel to your decision.

Now is the time of all times to plan to enter a good school.

DEPARTMENTS.

Other Diplomas.

Also, diplomas conferring the degree, Bachelor of Accounts, are awarded all those who complete the Bookkeeping Course of study.

CERTIFICATES OF GRADUATION IN HIGH SCHOOL, MUSIC, EXPRESSION, SHORTHAND, AND TYPEWRITING.

Students who complete the work as outlined in the above departments will be given certificates of graduation.

BUSINESS DEPARTMENT.

This is another *special course* of study and training for which the school was founded. The calls for reliable help in the business world are numerous. Bookkeepers, stenographers, and typewriters are in greater demand than it is possible to supply.

We realize we can give a better Business Course for less money than it is possible to obtain in the city. Our students not only have a thorough course in all the business studies, but they also have the privilege of taking many other helpful branches in the Collegiate Departments.

We are determined to make our Business Course second to none. We employ the *best* bookkeepers, the *best* stenographers, and the *best* typewriters.

The superior work of this department is shown by the high-grade positions our graduates occupy.

FREED-HARDEMAN COLLEGE.

Business Course.

	FULL STUDIES.	DRILLS.
First Term.	Bookkeeping. Grammar. Arithmetic, Commercial. Geography.	Debating. Penmanship. Spelling.
Second Term.	Bookkeeping. Grammar. Arithmetic. History.	Debating. Penmanship. Spelling. Actual Business.
Third Term.	Bookkeeping. Arithmetic. Grammar. Salesmanship. Commercial Law.	Debating. Penmanship. Spelling. Commercial Forms. Actual Business.
Fourth Term.	Advanced Bookkeeping. Commercial Arithmetic. Elementary Rhetoric. Composition. Actual Business.	Debating. Penmanship. Letter Writing. Spelling.

If a student has made a grade in some of the above subjects, or if he is reasonably good in such branches as Geography, History, Arithmetic, Grammar, etc., he will not be required to take them again. He can devote his time to the real business subjects.

There is nothing in the land superior to our Business Department, including Bookkeeping, Shorthand, and Typewriting.

SHORTHAND DEPARTMENT.

MISS LULA ALLEN is Principal of this department. She is not only a fine teacher, but an expert reporter. There are many valuable, practical things connected with shorthand that cannot be obtained in school unless given by a teacher of this experience. Students count themselves fortunate in having such an opportunity for shorthand.

Miss Allen is a thorough graduate of the Gregg School, of Chicago. She brings the latest and best for our students. Her assistants will be the best. She will do actual work in the College by reporting lectures made in the Auditorium and talks to the student body at "Chapel Exercises."

The famous Gregg System of Shorthand is taught.
The GREGG SYSTEM is fast and readable. It can be learned in less time than any other system.

FREED-HARDEMAN COLLEGE.

TYPEWRITING DEPARTMENT.

This department is supplied with light-running, high-class, standard machines. Some schools have cheap typewriters. Our students are given the best, high-priced machines upon which to learn and practice.

Skill in the use of the typewriter is indispensable to every one who expects to make a successful stenographer. More students fail to hold good positions on account of their inability to use the typewriter skillfully than from any other cause.

Typewriting cannot be "picked up." It must be studied and practiced persistently under a competent teacher, logically and scientifically, if proficiency is desired.

Calls Urgent.

Just now the government is urgently calling for stenographers, typists, and bookkeepers at entrance salaries from \$1,100 to \$1,200. Besides, the demand in every phase of business is great. This is a great opportunity for young men and women to secure a first-class *Business Education*. We are entering the *readjustment period*. The calls will increase.

In view of this, the Freed-Hardeman College has increased the efficiency of the Business Department. There is nothing in the land superior to its Bookkeeping, Shorthand, and Typewriting courses of instruction.

SPECIAL PROPOSITIONS.

Advantages.

We offer young men and young women an exceptionally strong Business Course. The President has had long and extensive training and experience in business-college work.

Shorthand.

For \$55 we issue an unlimited Scholarship in the Gregg System of Shorthand. You remain with us until you are thoroughly qualified to take a stenographic position.

Business.

We issue a Business Scholarship for \$55. You remain with us until you are thoroughly qualified to take any position as bookkeeper.

Shorthand and Typewriting.

For \$70 we issue an unlimited Scholarship in the Gregg System of Shorthand and Typewriting. The time extends until you are accomplished in both.

FREED-HARDEMAN COLLEGE.

Business, Shorthand, Typewriting.

For \$100 we issue an unlimited Scholarship in the Business Course, Gregg System of Shorthand, and Typewriting. These propositions admit our students to the finest of typewriters, experienced bookkeepers, and expert operators, until they are masters of the situation.

These courses of study are unexcelled, and we feel sure no other school can duplicate them at so low a rate.

These "Special Propositions" have given perfect satisfaction. Many students have accepted them. These departments are great.

Diploma and Degree.

A Diploma and the Degree of Bachelor of Accounts are granted to all students who satisfactorily complete the Business Course.

Thoroughness.

Our Commercial Department is large and commodious, with every external advantage for the best work. Our course of study is calculated to equip any one able to take it with power to meet the issues of a business career with eminent success.

No other school offers the superior courses in Bookkeeping, Shorthand, and Typewriting at so low a rate.

SCHOOL OF MUSIC.

MRS. N. B. HARDEMAN, *Principal*.
MRS. I. A. DOUTHITT, *Assistant*.
MISS ALICE CHEATHAM, *Assistant*.

In the elementary grades a thorough study of Notation, Keys, Signatures, and Time is given, including the Major Scales, hands separately.

Presser's Beginning Studies and Bilbro's First Lessons for the Piano are used.

Pieces by Spalding and other well-known composers are given. From the Junior to the Advanced grades a study of the Scales, Chords, and Arpeggios, in their different forms and positions, is given, including the studies of Bertini, Loeschorn, Heller, Czerny 299, Cramer, Bach, Czerny 740, and Haydn's Sonatas.

Pieces are selected from the best modern and classic composers. Memory work is determined by the teacher.

FREED-HARDEMAN COLLEGE.

VOICE.

MRS. N. B. HARDEMAN, *Teacher.*

Course of Study.

COURSE 1. Exercises in breathing; attitude of the position of the lips, tongue, and soft palate; exercises for placing the voice; connecting tones and articulation; the study of intervals and practice in sight reading; easy songs and ballads by modern composers.

COURSE 2. Exercises in agility, runs, scales, and arpeggios; supplementary trill exercises; legato, syncopated notes and their accentuation; Emanuel Garcia, Abt, and Lamperti's vocalization; songs selected from Schubert, Schumann, and modern composers.

COURSE 3. Trill exercises continued; embellishments; studies in phrasing and expression; staccato, crescendo, and diminuendo; Lamperti, Rosini, and Sieber's vocalization; songs and simple arias by classic and modern composers.

SIGHT SINGING.

FRED E. BLANCHARD, *Teacher.*

There is a free drill given each day in singing. This class is placed at an hour in which the entire school may take part.

In this department the *rudiments* of Music will be taught. Much time is spent in singing—"learning to sing by singing."

The classes in vocal training are always large and interesting. This is a great opportunity for our students.

One of the great objects of this work is to enable young men to become proficient leaders in congregational singing.

There is no better teacher nor leader of song in all the land than Mr. Blanchard.

SCHOOL OF ORATORY, EXPRESSION, AND PHYSICAL CULTURE.

MISS LELIA M. MCKINNEY, *Director.*

Courses of Study.

JUNIOR.

Physiology, Physical Culture, Vocal Physiology and Acoustics, Evolution of Expression, English Literature.

SENIOR.

Psycho Vox, Oratory, Philosophy of Expression, Psychology of Expression, Perfective Laws of Art, Shakespearean Interpretation.

Expression, taught as both a science and an art, is a necessity—not to develop merely a platform reader, but to give polish and self-control to persons of every vocation.

FREED-HARDEMAN COLLEGE.

The intention of such training is not to take on meaningless airs, but to express, naturally, the thoughts and feelings of the individual.

The true purpose is to render more responsive each nature and to blend the three (physical, mental, and emotional) into a more nearly perfect whole.

COLLEGE OF THE BIBLE.

A. G. FREED,
N. B. HARDEMAN, } *Teachers.*

The word of God is of necessity the foundation of all true education. This fact is being recognized by colleges and universities more than ever before. One of the sad defects of our otherwise excellent public-school system is the entire absence of the Bible. Parents who have regard for the highest and best interests of their children are desirous of placing them in a school where the greatest of all books is made a textbook in the course of instruction.

We offer to every student a course of Biblical instruction adapted to his age and advancement.

There are daily recitations of fifty minutes each, both in the Old Testament and the New Testament.

There are also daily recitations of the advanced classes in Biblical Geography, Church History, Exegesis, and the Preparation and Delivery of Sermons.

The Bible Department occupies a prominent place in the curricula and work of the College.

The large and enthusiastic classes in this department show the appreciation our students have of the sacred Volume.

The Bible classes are open to all, and every student is encouraged to take it; but this study is made compulsory only to those whose parents request it.

Four terms, or thirty-six weeks, in advance.....	52 00

When two pupils enter from the same family at the same time, they get the same reduction as one pupil who pays for two terms in advance; three pupils, all from the same family, are given the three-term-in-advance rate; and so on.

There are no incidental, library, or matriculation fees. One tuition meets all expenses.

Special Year Proposition.

Two hundred and twenty dollars (\$220) will furnish you home complete—board, rooms, fuel, lights, incidentals—and tuition for one year of nine months; one hundred and ten dollars (\$110) paid at the opening, balance at the end of half year, January 15.

Rooms—Furniture.

The ladies' rooms are furnished with bedstead, springs, mattress, lavatory, study table, chairs, large rug, dresser, comforts for bed, pillows, broom, and electric lights.

What to Bring.

All girls should bring with them one pair sheets, one pair blankets, one pair pillowcases, six towels, combs, and brushes. However, all these can be purchased in our city at reasonable prices, should parent or pupil prefer.

The Boys.

Until the "Home for Boys" is complete, the private homes in the city furnish the rooms. Hence the boys will bring no furnishings.

FREED-HARDEMAN COLLEGE.

Favorite Proposition.

This special "year proposition" has long been the favorite among parents and students. They are able to know exactly the cost of a year, and are saved the trouble of looking up homes and frequent payments. These are done by the Faculty. Besides, should a student be unable to go the year after accepting the "year proposition," his board money will be refunded.

Special Term Proposition.

We will furnish you board, rooms, fuel, lights—home complete—in our best places, and tuition, at \$55 the term of nine weeks.

These are popular rates and apply to both boys and girls.

Boarding.

Board, rooms, fuel, lights—home complete—in the best of private families at \$18 to \$20 the month.

The Faculty takes pleasure in assisting students in selecting the kind of homes they desire.

Homes keeping students are expected to be in sympathy with the institution and its regulations.

The New Homes.

The halls now in preparation—one for girls, the other for boys—are not cheap "dormitories." They are the latest architecture, modern brick structures, with every convenience of our best homes. They are homes, not "dormitories."

Regulations.

1. Tuition must be paid one term of nine weeks in advance.

2. A tuition ticket, signed by the President or Vice President, is necessary for enrollment in any class.

3. No money paid for tuition is refunded. An enforced absence from school of two or more consecutive weeks, at home, entitles the student to a duebill for the lost time. This duebill is worth its face value in tuition, and is transferable to brother or sister.

4. No duebill or reduction will be given for the last four weeks of the session, for the last two of any term, or for Christmas holidays. All duebills must be called for at time of leaving school.

5. Should a pupil enter after six weeks of any term have elapsed, he will be required to pay to the end of the next term following.

6. If a student should be compelled to leave school, all money paid for board is refunded.

FREED-HARDEMAN COLLEGE.

7. Students who are dismissed for improper conduct forfeit all tuition paid to the College.

8. The Faculty will not furnish students money, except on advice from parents or guardians.

9. Students are requested not to loan nor borrow money, nor run accounts in town, except by direct consent of parents and Faculty.

10. Parents and guardians should write the Faculty some days before they expect their children to come home, that necessary arrangements may be made.

11. Students, on making a visit or a business trip from Henderson, must get permission from the Faculty.

12. No one is permitted to change boarding homes without advice and consent of the Faculty.

The Coming Year.

The session opening September 23, 1919, will be a great one. The Trustees, Faculty, and friends are determined to have the equipment and accommodations second to none. Many boys and girls are anxiously looking forward to the opening day.

The Call.

The greatest reason why you should go to school is: "*The War*" is over. We are entering the "*Reconstruction*." Our country is calling for thousands of prepared boys and girls. It is no longer a question of salary or position, but, "Can I do the work?" Boys, girls, are you ready?

No other school in the land can prepare you more thoroughly and more quickly than the Freed-Hardeman College. Thousands of places are now calling for teachers, preachers, bookkeepers, stenographers, typists, cashiers, and clerks. But, best of all, the world call is for *men*, for *women*. This school will prepare you for right living.

You must make your decision now.

We must prepare for a new future. Knowledge and the efficiency that comes from knowledge are the key words of modern civilization. Competition in the future, more than in the past, will be the competition of education.

Students can enter at any time and pay from date of entrance.
